Quorum present.

Landmarks
1. 218 Lincoln Place - Replacing front doors at building entrance.

Presentation made by applicant. The current entrance configuration is two equal width doors. Proposed configuration is one wider door and one hinged side transom. Applicant notes that they first proposed to LPC one large wide door to match interior door, but LPC stipulated that two unequal width doors were the preference when replacing double doors.

Questions asked about proposed one door vs. two door configuration, hardware, swing direction, accessibility, security, details, etc.

Jerry - Motion to approve as presented.
Mark - seconded

11 in favor.
0 abstentions.
0 against.
Motion passes and will be presented at full board meeting.

2. 431 Seventh Avenue - New six-story residential building with penthouse on empty lot.

Presentation made by architect. Many questions asked about historical appropriateness of storefront for the residential lobby, size and visibility of bulkheads, materials, casement window materials, number of floors, alignment of floors with adjacent buildings, and exterior brick and terra cotta colors.

Jerry
Motion to approve with conditions:
- Improve storefront design so it is more inviting and there is increased transparency, texture, neighborhood character, and continuity with andjacent active commercial storefronts.
- Change facade colors so they are more consistent with nearby buildings along Seventh Avenue.

- Either reduce the size of or push back the bulkhead from the front building line.

Daniel
Friendly amendment:
Remove penthouse bulkhead. Accepted.

Nick
Friendly amendment:
Add commercial space at ground floor. Not accepted.

Maddie - seconded

9 in favor.
0 abstentions.
2 against.
Motion passes and will be presented at full board meeting.

End of meeting.
